

2016-2017

AYALA WRESTLING

CIF Champions - CIF Finalists 7 times - League Champions 16 times
17 CIF Champions - 5 State Placers

Parents and Wrestlers,

We are glad that your student athlete and your family have chosen to be part of our program. Ayala wrestling is rich in winning tradition. Wrestling requires total commitment from the athlete and the family as well. We practice everyday during 6th period, after school, and on many weekends throughout the year, including summer. Practices are mandatory over winter break. Everyone is required to maintain a 2.00 grade point average with no more than one "U" in citizenship. Ineligibility and missing practice are grounds for dismissal from the program. All athletes must attend every practice to be part of our program. Everyone is required to be on time, prepared in clean work-out gear, and work hard at every practice without exception. All absences must be cleared three days in advance by our coaching staff (not upon return from an absence). Missing practice, tardiness, and bad behavior will be grounds for dismissal from our program. Wrestling, by nature of the sport, has competitions after school and on weekends.

Doctor and dental appointments should be scheduled around wrestling practice during the season of sport if possible. Birthday celebrations, family vacations, babysitting responsibilities, anniversaries that require athletes to miss practices, or meets are unexcused absences.

Athletes are requested to donate or fundraise \$300 for our program, or \$150 if an athlete participated in a Fall sport. Fundraising and donations pay for your athlete's athletic apparel, singlet, and allows us to run our program. Attached to this letter you will find an order form and an explanation of the items your athlete will receive for their fundraising or donations. This is part of our uniform and daily work-out attire. Uniforms (singlets) will be provided for our athletes for all levels. The remainder of any funds will go towards purchasing uniforms, paying entry fees for tournaments, mat supplies, travel expenses, and coaching stipends. Everyone must participate in all fundraising activities when they are offered. We have never turned anyone away from our program for an inability to fundraise or make a donation to our program. We have Sponsorship Letters and Fundraisers available to assist you. Please let our staff know if we need to help your family to be part of our program.

Cut along line - Sign and return

Please make donations payable to: **Ayala Wrestling Booster Club**, on or before November 10, 2016.

I have read, understand, and will adhere to all of the explained expectations and requirements of the Ayala Wrestling Program stated above. If an athlete quits or is removed from the team for any reason all funds raised or donated to the program are non-refundable.
